

Unique Registration Code

Registering your installation of **Macrium Reflect Free or Trial of Home, Server or Server Plus** requires entering a **Unique Registration Code** to confirm your registration.

Registration is mandatory for business installations and optional for home users.

The image shows a Windows-style registration window for Macrium Reflect Server Plus Edition v7.2.3623 64 bit Setup. The window has a title bar with the application name and a close button. Below the title bar, the word "Registration" is displayed in bold, followed by "Macrium Reflect commercial license registration" and the "Reflect 7" logo. The main content area is divided into two sections. The top section, separated by a horizontal line, contains a blue icon of a person with an information symbol and the text: "Commercial use of Macrium Reflect, including the Free Edition, requires registration". Below this, there are two input fields. The first is labeled "Email address" and contains the text "user@domain.com". The second is labeled "Registration Code" and contains the text "G6TN-2HT8". To the right of the "Registration Code" field is a button labeled "Get My Code". Below the input fields, there is a paragraph of text: "If you do not have a Registration code, click 'Get My Code' and an email will be sent with instructions". Below this is another paragraph: "Your details will only be used in regard to Macrium products. You can unsubscribe at any time. For details visit www.macrium.com/privacy". At the bottom of the window, there are three buttons: "< Back", "Next >" (which is highlighted with a blue border), and "Cancel".

If you don't have a registration code or if you have previously registered but don't have the code handy then click 'Get My Code'.

If you haven't previously registered then you will be emailed a link to an online registration to continue:
